Abstract:	Mount Zion Hospital has been a part of San Francisco since 1887, and over the past 120+ years has received many gifts of books from its physicians. Since 1950, the most noteworthy of these have been held in a special "History of Medicine" (HOM) collection that currently is housed in the Hellman Conference Room at Mount Zion. The entire HOM collection is reflected in the California Digital Library's (CDL) Melvyl Catalog. Many physicians at Mount Zion participated in an "Oral History" project in the 1980s & 1990s; these tapes also are cataloged in the CDL's Melvyl Catalog and stored with the HOM collection. Access to the collection is on-site only; selected materials may be photocopied.
